

INTELLECTUAL PROPERTY RIGHTS

Intellectual Property Right of any Organization is its identity for innovative work and activities. KRCL is on the forefront in this field also. KRCL has been granted 02 National Patents as indicated below:-

Patent Granted in India:

Sr. No.	Description	Patent No.
01	Anti - Collision Device System For Trains And The Like Transportation Systems (ACD)	198166 dt 24 th Sept 1999 Granted on 29.12.2005
02	Track Identification System	202023 dt. 5 th August 2004 Granted on 31.08.2006

Similarly, KRCL has also filed for Two Indian Patents on "Simulator for Simulating Traffic Scenarios and providing control for Railways at Station" and "Rolling Stock Monitoring System" which are under process. It can be seen therefore that KRCL has not only built up its image with sheer hard work, but has also kept up its Corporate Image at the highest level for Innovative Technologies, which is a matter of pride and prestige for Konkan Railway.
