and soon after on the
ntered and the tunnelling
came difficult as soil was
mber of times. From the
was stratified it had to be
patch of soil 29m was
hard rock and 20m of soft
followed by 20m of soft
3m of soft rock. The soil
ock. This was followed by
soil was perhaps the worst
s nothing but soil highly
ficult and time- consuming.
