

Skilling Engineers/Managers for Professional Success (SEPS/SMPS)

There are 6000 engineering colleges and over 4000 management colleges in India and it is estimated that about 1.5 million engineering students enter the job market every year. Due to lack of awareness on available job opportunities, students with engineering and management degrees either compromise on the type of job that they select or relocate to other countries in search of good jobs. To guide the students on the options available to them in the country itself in public sector, explore on having one's own start-up in engineering field as also to familiarize them with how their engineering or management discipline operates in railways, Konkan Railway organizes a special training program for these students.

The training program is named as “**Skilling Engineers for Professional Success**”, popularly referred to as **SEPS** program. The program is of one week duration and is exclusively for the engineering students from Civil, Mechanical, Electrical, Electronics & Communications, and Computer Engineering disciplines and also for management students. The program is intended to give practical training in various management related and engineering streams in railways and get the students acclimatized to latest technologies and actual ground working. Field experts with years of work experience behind them, take sessions in the program. The program takes the students beyond theoretical levels.

The program involves 5 days of classroom training at Konkan Railway's training Academy at Madgaon plus additional days for field visit. The field visit is either on Konkan Railway route along the West Coast or its work sites at Jammu & Kashmir. The field visit on the Konkan Railway route is of two days and in case the students are interested in visiting the work site of KRCL at Chenab river in J&K State, the duration of field visit is 6 days. After the program, the students can undergo free internship at various departments/locations in KRCL, if they so desire, ranging from 15 days to 2 months based on mutual agreement.

A certificate from Konkan Railway is given to the students at the end of the program and internship too.

For further queries and for registration, please call on **9004476017** or **9004476215** or email on gm.training@krcl.co.in

PROGRAMME

SKILLING ENGINEERS / MANAGERS FOR PROFESSIONAL SUCCESS (SEPS/SMPS)

INDUSTRY READY. CAREER READY.

TRAINING • INTERNSHIP • CAREER DEVELOPMENT

World's Highest
Railway Bridge
Chenab

Hands-on Learning – Sharpen real-time technical and managerial skills.

Industry Exposure – Apply knowledge in real industrial settings.

Entrepreneurship – Guidance to start your own railway contracting venture.

Employability Boost – Enhance skills for better career prospects.

Career Support – Guidance on government recruitment.

Internships – 15 days to 2 month practical training.

AICTE Registered Programme

PROGRAMMES OFFERED

SEPS

Skilling Engineers for Professional Success

For students of All Engineering Disciplines

SMPS

Skilling Managers for Professional Success

For students pursuing MBA & Management Courses

KRIPS

Konkan Railway Industrial Visit Programme

Customized Industrial Visits for Engineering & Management Institutions

Anji Khad Bridge

Konkan Railway Tunnel

Track Maintenance

Modern Signalling

Practical Learning

SEPS / SMPS - TRAINING CUM INTERNSHIP PROGRAM

LINKED WITH CONTRACT EMPLOYMENT* IN KRCL,

FOR STUDENTS STUDYING IN - ALL ENGINEERING AND ALL MANAGEMENT COURSES

WHO CAN JOIN?

- ✓ Civil Engineering
- ✓ Mechanical Engineering
- ✓ Electrical Engineering
- ✓ Electronics & Communication
- ✓ Computer Science Engineering
- ✓ Information Science Engineering
- ✓ Artificial Intelligence & Data Science
- ✓ MBA & Management Courses
- ✓ All Other Engineering & Management Disciplines

PROGRAMME FEATURES

Classroom Sessions by Railway Experts

Practical Demonstrations

Live Field Visits

Tunnel & Bridge Technology

Track Engineering

Signalling & Telecom

Electrical Systems

Operations & Safety

Maintenance Practices

AI & Digital Railway Applications

Project-Based Learning

Industry Certification

KEY ADVANTAGES

Practical Industry Exposure

Improved Employability

Better Placement Opportunities

Real Railway Infrastructure Knowledge

Real Project Experience

Interaction with Senior Railway Professionals

Contract Employment Opportunity in KRCL*

*Subject to performance and project requirements.

FEE STRUCTURE

SEPS / SMPS PROGRAMME

₹12,700/- + GST @18%

= ₹14,986/- per participant
Includes Food, Accommodation and Internship
(Twin/Triple sharing AC rooms)

KRIPS (CUSTOMIZED PROGRAMMES)

₹3,000/- + GST @18%

= ₹3,540/- per participant per day
Includes Food, Accommodation and Internship
(Twin/Triple sharing AC rooms)

SPECIAL FACILITY

To take care of safety & responsibility of trainees at the time of training and field visit, one faculty from concerned College is permitted for every batch of minimum 20 students for which cost shall be borne by KRCL.

PAYMENT DETAILS

The Demand Draft (DD) for the applicable amount may be drawn in favour of **"Konkan Railway Corporation Limited"**, payable at Karwar.
